DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

1. **Claims 26 and 33 are allowed.**

Claim 26 is limited to "a telephony protection device." This claim was objected to in the previous Final Rejection filed 27 September 2005 as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all limitations of its base claim and any intervening claims. Upon entry of the instant amendment, the above noted objection is rendered moot. Thus, claim 26 is allowable over the cited prior art.

Claim 33 is limited to "a telephony protection device." This claim was objected to in the previous Final Rejection filed 27 September 2005 as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all limitations of its base claim and any intervening claims. Upon entry of the instant amendment, the above noted objection is rendered moot. Thus, claim 33 is allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
